Constantin Cosma Radon Test Laboratory (LiRaCC)	<b>Radon testing, laboratory analysis, radon measurements in ambient elements and consultancy</b>		
	Measurement of radon concentrations in air by the passive method	<b>150-400**</b>  The price range includes 5 service packages for indoor radon measurements, based on the quantity of radon detectors, estimated price, excluding VAT, per detector:  <b>Package 1. 1-100 detectors for 400 lei / detector</b> <b>Package 2. 110-200 detectors for 300 lei / detector</b> <b>Package 3. 210-500 detectors for 250 lei / detector</b> <b>Package 4. 510-1000 detectors for 200 lei / detector</b> <b>Package 5. &gt; 1000 detectors for 150 lei / detector</b>	Each package comes with radon detectors for three-month exposure, handouts, analysis and report card. Subject to the number of detectors requested, other offers can be customised on request. **Transportation costs (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	Analysis of radon concentrations in non-carbonated water samples	<b>100-300**</b>  Subject to the number of tests requested, other offers can be customised on request.	The offer includes one water sample, information documents and instructions for sampling, analysis and official report card of results.

UNIT	SERVICE PROVIDED	FEE	OBSERVATIONS
		<b>Package 1. 1-10 samples for 300 lei / sample</b> <b>Package 2. 11-20 samples for 275 lei / sample</b> <b>Package 3. 21-50 samples for 250 lei / sample</b> <b>Package 4. 51-100 samples for 200 lei / sample</b> <b>Package 5. &gt; 100 samples for 100 lei / sample</b>	<b>**Transportation costs</b> (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	Determining the surface radon exhalation rate	<b>300-500**</b>  Subject to the number of tests requested, other offers can be customised on request.  <b>Package 1. 1-2 areas for 500 lei / area</b> <b>Package 2. 3-6 areas for 400 lei / area</b> <b>Package 3. &gt; 7 areas for 300 lei / area</b>	The offer includes one radon exhalation flux determination from a given area, handouts, analysis and official report card of results. <b>**Transportation costs</b> (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	A method to detect the radon potential in the soil around a building	<b>800-1000**</b>  Subject to the number of tests requested and the extent of the area, other offers can be customised on request.  <b>Package 1. 1 plot of land with standard area for 1000 lei/ plot</b> <b>Package 2. 2 plots of land with standard area for 900 lei/ plot</b> <b>Package 3. &gt; 3 plots of land with</b>	The offer includes the estimation of the soil radon risk in the perimeter of a building on a <i>standard 800 sqm plot</i> by measuring the soil radon concentration and soil permeability, assessment of the soil radon potential and the radon risk category for the site/soil on which the respective building is located,

UNIT	SERVICE PROVIDED	FEE	OBSERVATIONS
		standard area for 800 lei/ plot	informative documents, analysis and report card. **Transportation costs (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	Method for ongoing measurement of radon concentrations in indoor air	500**	The offer includes an active detector for monitoring radon concentrations in indoor air for 5 days, informative documents, analysis and report card. Subject to the number of detectors and active devices required, offers can be customised on request. **Transportation costs (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	Determining the diffusion coefficient in materials by measuring the radon concentrations	1000-2000**  Subject to the number of tests requested, other offers can be customised on request.	The offer includes one measuring, informative documents, analysis and official report card of results. **Transportation costs

		Package 1. 1-2 samples for 2000 lei / sample Package 2. 3-6 samples for 1500 lei / sample Package 3. > 7 samples for 1000 lei / sample	(accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.
	Investigations before and after remediation of radon concentrations in buildings	3000-5000** 5001-15000***  <b>Package 1. Control measurements/ Full diagnosis for large buildings - up to 15000 lei</b>  <b>Package 2. Control measurements/ Diagnosis for buildings with a standard area of 150 m2 at 5000 lei for the complete package and at 4200 lei excluding soil measurements</b>  <b>Package 3. Control measurements/ Diagnosis for buildings with a standard area &lt; 150 m2 at 3700 lei for the complete package and at 3000 lei excluding soil measurements</b>  <b>Package 4. Diagnosis with no soil (where conditions prevent it) for a standard area &lt; 150 sqm for 3,000 lei</b>	The standard offer includes a basic package for <i>a complete radon diagnosis in a building with a standard floor area of 150 sqm</i> , using control measurements to identify sources and pathways of radon in the building and the adequate planning of remediation solutions. Offer includes: mapping of the building and identification of radon sources and pathways by measuring radon concentration in the ground air, in apparent cracks or around pipes, measuring radon exhalation rate from surfaces (walls, floor, ground, buried walls, buried floor, building materials); identification of radon transfer pathways by full on-site assessment and inspection with measurement equipment, analysis report and test report, including a section on remediation recommendations and recommended remediation plan

UNIT	SERVICE PROVIDED	FEE	OBSERVATIONS
			<p>according to legal requirements.</p> <p>The offer for other types of buildings with varying surface areas and intended use is calculated on an individual basis, based on the surface area and number of rooms.</p> <p><b>**Transportation costs</b> (accommodation and travel) for orders located outside the Cluj metropolitan area are not included and will be covered by the client.</p>
	<p><b>NOTE:</b></p> <p>1. The fees include the cost of providing transport for sampling or covering the cost of transport if the samples are delivered by courier services, with the exceptions specified in points 1, 3, 4 and 7. The estimated price range for each category of service allows for personalised offers for customers on request, as well as the possibility to charge a lower price for a specific type of service/analysis if a larger quantity of measurements is requested or to customise packages providing promotional price offers for individuals.</p> <p>2. The estimated prices for each measurement are assumed as minimum value.</p> <p>3. The final price is determined by the amount of measurements/ number of samples/ collection points for each order.</p> <p>4. Travel expenses (accommodation and transport) for the collection of samples or specific testing services for LiRaCC staff will include accommodation, per diem and travel expenses, with the price of fuel varying according to the type of vehicle in RON as calculated on the day of collecting the sample for analysis according to the regulations in force. These expenses will be provided in the offer.</p> <p>5. All tests, measurements and assessments included in the offer may be planned and carried out only at the request of economic operators/ institutions/ natural persons affected, and only pursuant to an order confirmation/ order/ contract or other formal agreement between the economic operator/ natural person/ institution and the LiRaCC Laboratory.</p> <p>6. Should other costs be involved in the performance and assessment of the sampling/ measurement, these will be borne by the beneficiaries and will be stipulated in a contract for services concluded between Babeş-Bolyai University as Legal Representative of the LiRaCC Laboratory and the beneficiaries.</p> <p>7. The price list applies to end beneficiaries.</p>
