

**CONDITIONS FOR THE SUSPENSION OF DIDACTIC ACTIVITIES
WHICH INVOLVE STUDENTS' PHYSICAL PRESENCE
IN THE CASE OF COVID-19 INFECTION AMONG TEACHERS**

In the case of SARS-CoV-2 spread among teachers, the latter must inform the management of the higher education institution, who, in their turn, will inform the Directorate for Public Health (DPH). DPH will begin an epidemiological investigation, analyse the situation within the higher education institution, along with the institution's management, and together they will decide the proper measure to be taken.
