	UBB staff's families	xxx	-	
	Local community	xxx	-	
	students 18-29 (1 of 100)	x	-	
<b>Capacity</b>	Teaching /auxiliary /non-teaching staff 30-69 (12 of 100)	xxx	-	
	Multiplication no. seminars	tbd	-	
<b>Online offer</b>	Students at risk <sup>3</sup> who cannot attend on site	x	-	
	Professors at risk <sup>4</sup> who cannot attend on site	x	-	
<b>Regulations</b>	Fake news	x	-	
	quarantine	x	-	
	mask	x	-	

Should questions arise and further information be required, deans may contact the vice-rectors responsible of each faculty, who in their turn will address, when necessary, the experts in public health within the UBB pandemic coordination and monitoring group.

<sup>1</sup> Here, XX means medium risk, XXX high risk (evaluation by experts in public health within the UBB pandemic coordination and monitoring group).

<sup>2</sup> Here, X is low risk, XX medium risk, XXX high risk (evaluation by experts in public health within the UBB pandemic coordination and monitoring group).

<sup>3</sup> For a clearer image on the pre-existing medical conditions that could enhance the risk of severe symptoms in case of COVID-19, please consult Coronavirus disease 2019 (COVID-19): People who need to take extra precautions, <http://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/index.html>, Center for Disease Control and Prevention.

<sup>4</sup> The same reference as above mentioned in section FAQ on WHO website, <http://www.who.int/emergencies/diseases/novel-coronavirus-2019/question-and-answers-hub/q-a-detail/q-a-coronaviruses>, question: What are the symptoms of COVID-19?

<b>Faculty option</b>	Faculty ...	hybrid	online
	... If the hybrid system is chosen, please mention the exact departments and extensions whose students involved in the hybrid scenario (i.e., 1 <sup>st</sup> year BA) will take part in the seminars/laboratories: - - - - - - - -	<input type="checkbox"/>	<input type="checkbox"/>

**Other general observations:**

1. The faculty is financially responsible for the implementation of measures included in the hybrid system.
2. The faculties take the necessary measures for the hybrid system in managing the spaces used.
3. The management of each extension and the faculty dean take the necessary decisions regarding the respective extensions.
